------------------------------	-------

The **T** (= text, point size plus/minus 18 and smaller) and **D** (= display, point size plus/minus 24 and larger) codes refer to the differences in design and contrast. The **D** versions have for instance a higher contrast. The fonts have no physical limitations, the given point sizes are only meant as guidelines.

All fonts of the **DTL VandenKeere** typeface for **Western European** languages in the **PostScript Type1** and **TrueType** formats for Mac os or Windows can be licensed separately, in any combination.

A single user license for the complete **DTL VandenKeere** typeface for **Western European** languages in one of these two formats costs € 1.417,50 (that is € 1.575 minus 10% discount).
